 Boley Centers Inc.	727-821-4819	Paula J. Hays Building 445 31 st st. North, Saint Petersburg FL, 33713	www.BoleyCenters.org	<p>Mission: To enrich the lives of people in recovery by providing the highest quality treatment, rehabilitation, employment and housing services.</p> <p>Housing: Safe, decent, affordable, permanent housing in 54 locations throughout Pinellas County. Eligibility for the housing varies according to funding source.</p> <p>Housing offered: Group Housing, HUD (Housing and Urban Development) Subsidized Apartments, Rental units.</p> <p>Specifically for homeless individuals: Safe Havens, HUD Subsidized supported housing, Tenant- Based Rental Vouchers.</p> <p>Mental Health: Focused services around Community based rehabilitative principles.</p> <p>Supported Housing/ Supported living Program: Team members work with individuals in this program to aid development of skills to live independently in a setting of their choice. This includes community integration, skill attainment and restoration of functional ability.</p> <p>Florida Assertive Community Treatment (FACT) – A team of specialized professionals that work closely with individuals affected by mental illness resulting in frequent hospitalization or incarceration. Their objective is to provide all necessary support to assist reaching recovery goals.</p> <p>Life Enhancement Activity Program (LEAP)– Community based program that uses the role recovery principles of psychosocial rehabilitation. A combination of psychosocial rehabilitation and work-readied days help those served to reach their living, learning and working goals.</p>		No Cost	Yes, all facilities carry naloxone.
 Christ the Cornerstone Church	727-547-6280	5545 62 nd Avenue North, Pinellas Park FL, 33781	https://christcornerstone.com/	A local Christian church that often has food pantries and a potluck every 3rd Wednesday of the month 12pm-1:30 pm. AA meetings are held every Thursday at 7pm in the Church Fellowship Hall. All are welcome and accepted.		No Cost	No naloxone offered.
 Department of Children and Families	850-300-4323	Circuit 6 (Pasco and Pinellas County) 11351 Ulmerton Road Largo, FL 33778	https://www.myfamilies.com/	<p>Mission: To work in partnership with local communities to protect the vulnerable, promote strong and economically self-sufficient families, and advance personal and family recovery and resiliency.</p> <p>Substance Abuse or Mental Health: The Department provides treatment for substance use disorder through a community-based provider system that offers detoxification, treatment and recovery support for adolescents and adults affected by substance misuse or dependence.</p> <p>Detoxification Services: Detoxification focuses on the elimination of substance use. Specifically, detoxification services utilize medical and clinical procedures to assist individuals and adults as they withdraw from the physiological and psychological effects of substance use. Detoxification may occur in either a residential or outpatient setting, depending on the needs of the individual.</p> <p>Treatment Services: Treatment services include a wide array of assessment, counseling, case management, and support provided in residential and non-residential (outpatient) settings. Treatment services are designed to help individuals and their families who have lost their abilities to control the substance use on their own and require formal, structured intervention and support. Services include various levels of residential, outpatient, and recovery support based on the severity of the addiction. Research indicates that persons who successfully complete substance use treatment have better post-treatment outcomes related to future abstinence, reduced use, less involvement in the criminal justice system, reduced involvement in the child-protective system, employment, increased earnings, and better health.</p> <p>Recovery Support: Recovery Support is offered during and following treatment to further assist individuals in their development of the knowledge and skills necessary to maintain their recovery. These services include transitional housing, life skills training, parenting skills, and peer-based individual and group counseling.</p> <p>Florida's State Opioid Response Project: Florida's State Opioid Response Project (SOR) is administered through the Office of Substance Abuse and Mental Health (SAMH) in the Florida Department of Children and Families. SOR is funded by the Substance Abuse and Mental Health Services Administration (SAMHSA), and is designed to address the opioid crisis and reduce opioid-related deaths by providing a comprehensive array of evidence-based prevention, medication-assisted treatment (MAT), and recovery support services. Treatment and recovery services target indigent, uninsured, and underinsured individuals with opioid use disorders or opioid misuse. Additionally, SOR funds are used to expand the Department's Overdose Prevention Program which distributes and trains on the use of naloxone (Narcan®), the life-saving medication that reverses opioid overdoses; and assists community-based organizations with the development of standing orders, policies, and protocols for community distribution and training.</p>			Yes, naloxone is on the premises.

Phase 1: Preparation: Phase I is a 24/7 medically supported Residential program that typically takes place over the first 3 to 4 weeks of treatment. This phase includes two programs: Medical Detox, and Residential treatment. Phase 2: Action: Either residential or non-residential program that addresses any issues in preparation for independent recovery. This phase typically lasts 2-3 weeks. Phase 3: Maintenance: involves putting into practice what has been learned and transition out of full-time treatment. This phase is typically 6-8 weeks long and includes Intensive Outpatient and Outpatient Treatment. This phase continues clients on SUD or Mental Health Treatment Tracks. Alumni Program: Following any Clean Recovery Centers' treatment program, clients are encouraged to participate in Clean Recovery Centers' Alumni Program to receive ongoing support and continued success. Transitional living: Community Housing, for DNT, and Transitional Living, for IOP/OP, provides a safe and healthy environment as you work through the treatment. You become part of a community where peers and staff support one another on this journey. Life Skills: Time management, career guidance, money management and effective communication are essential skills that can be taught through case management. Family Program: During these sessions, the family and client will meet with a group of fellow peers and their family members. This will include an educational component and an opportunity to apply what you've learned to your family's situation. Family will also be invited to ask questions, express any concerns, and share their experience, strength and hope with peers and other families. Individual family therapy sessions may be scheduled thereafter. Wellness Program: Equine therapy, chiropractic care, massage therapy, therapeutic exercise, kinesio taping, osteopathic manipulation, nutritional counseling, autonomic nervous system testing, electromyography. </p>	Yes, but there are many insurances accepted.

Yes, it is available for those that are going through the program and the client is also given naloxone as they are discharged.
 Tampa Bay Recovery Center	 813-733-8774	6501 1st Ave S. St. Petersburg, FL 33707	https://tampa-recovery.com/	<p>Mission: To provide a safe space for those seeking help for addiction and mental health disorders. Through evidence-based therapeutic modalities, our mission is for each individual to find sustainable healing and wholeness not just for the duration of our program – but for life. Services Provided: 18+ Detox: When a person first arrives for detox, a thorough assessment will be performed. This allows the medical staff to understand the individual's unique needs and design a program suited to meet them. Factors include the substances being abused, the typical dosage, and how long the addiction has gone on. Other things the treatment team will consider are the person's physical and mental health and any previous attempts at detox. Partial Hospitalization Program: Often the first step after a person completes detox or residential treatment. Those attending our Partial hospitalization program in Tampa go to treatment sessions five days per week or an equivalent of 25 clinical hours. Programming: includes numerous options including: group therapy, individual psychotherapy, case management, Doctors visits and family therapy, etc. Intensive Outpatient Program: Consist of treatment provided during the day or evening to address alcoholism, addiction, dual diagnosis disorders and mental health issues that do not require round-the-clock supervision. There is individual therapy, case management, group therapy, and medical evaluations. Virtual IOP Program: A person attending IOP in person receives multiple types of therapy, including individual and group counseling. They also may use programs like holistic treatment, family therapy, and more. Someone who attends virtual IOP receives the same sort of focused care from compassionate experts who understand addiction. These treatment pros help translate the exact sessions that take place in person to the virtual experience. Both the clinicians providing treatment and the people receiving it use cameras and microphones on their smart devices. Outpatient Program: Outpatient rehab is a level of treatment for addiction that does not have a mandatory residential component. Those who take part in outpatient rehab in Tampa Bay can return to their homes or to alternative supported residences when treatment is not in session. During outpatient rehab sessions, participants can engage in a variety of therapeutic activities to prepare them for successful recovery. </p>	Yes, most major commercial insurances are accepted as well as the option to privately pay for treatment.	No, it is not available to the public.

St. Petersburg, FL 33707 Tampa: 6014 W Sitka St. Tampa, FL 33634	https://realrecoveryfl.com/	<p>Mission: To provide a safe and stable recovery environment with a strong community support system to help men successfully transition back into the real world. Services Provided: (Men only) Sober Living Program: The sober living program costs include on-site case management, utilities such as electricity, high-speed internet, trash, and water are also included. A \$150 one-time administration fee is due upon intake (the day a resident moves in). Each apartment or townhome is fully furnished including modern appliances, décor, and furniture; residents are required to pay for their own daily essentials like cleaning supplies, groceries, laundry items, transportation, etc. Breathalyzer and drug testing is included with monthly program fee. During each phase, the resident must abide by the curfew set in place. Phase 1: (0-30 days) During this time period the resident will identify their goals regarding recovery, personal, and professional areas. The resident must attend and participate in 5 meetings of an approved 12-step program as well as attend weekly peer support house meetings. Phase 2: (31 days- 6 months) By this time in the program, residents have had time to integrate themselves into the Real Recovery community. Clients are actively participating with peers. The resident must be active in their approved 12-step program and attend monthly business meetings with their home group. Phase 3: (9-18 months) Most clients stay in the program from 6-18 months, but there are no set times for when a resident can or cannot move out. By this time, most clients are an active pillar within Real Recovery's community, have a strong social support network through the 12 step program, have stable employment, etc. </p>	Yes, medical insurance is not accepted.

 Pinellas County Harm Reduction Initiative	727-710-6675	Saint Petersburg, FL	https://www.pinellascountyharmreduction.com/	Mission: To help fight the overdose and opioid epidemics through street outreach, Narcan distribution, and advocacy; to eliminate infectious diseases for the health and well-being of all who use drugs; to bridge the gap between resources and those in need; to lessen neighborhood tensions and governmental financial burdens through our work// Fiscal Partner -Florida Harm Reduction Collective at https://fhrcc.org/ Services Provided: Trainings: Free Trainings offered include Narcan administration, opioid overdose recognition, and overdose response. We also provide education on harm reduction such as safe drug use, transmissible infections and diseases prevention, and information on local syringe exchange programs. Naloxone Distribution & Outreach: Through a partnership with the Florida state programs, we offer free naloxone distribution accompanied by proper use training. Naloxone is safe and legal to use. We also hit the streets to build rapport and connections with those we serve, as well as obtain information about those areas that have the most need for our services. Resource Linkage: We provide linkage to individuals seeking resources from our community, such as clinics and providers that served the uninsured, food banks, housing and shelter options, and in-patient treatment facilities. If a program requires a referral, we are able to provide one.				Yes, naloxone is available if you are located in the Tampa Bay area. Call or text their confidential line to arrange a drop off. 727-710-6675

 Boys & Girls Clubs of the Suncoast	727-524-2427	4625 East Bay Drive Suite 103, Clearwater, FL 33764 Club Service Center Hours: 8:30 AM-4:30 PM // Club Hours: 2:30 PM-6:00 PM	www.bgcson.org	<p>Mission: To provide out of school experiences to ensure young club members graduate from high school with a plan for the future, demonstrate good character and citizenship, and live a healthy lifestyle. Key priorities are: Youth Safety, academic success, health and wellness, building character and leadership skills.</p> <p>Services Provided: Specific Programs are available for many age groups.</p> <p>Academic services- The goal is to ensure that all Club members graduate from high school on time. Implementing key program initiatives that promote academic enrichment. The strategy involves high-yield learning activities that allow Club members to have fun while engaging in academic lessons.</p> <p>Health and Life Skills- Boys & Girls Clubs understand the important role health plays on the overall positive development of youth. Healthy Lifestyles is one of the main initiatives offering specialized programs to keep Club members moving and eating nutritious diets.</p> <p>Character and Leadership- Club members have the opportunity to develop leadership skills in many ways, such as by serving as a peer mentor or committee officer, working with adults in the community, and giving back to their community. Boys & Girls Club members organize and carry out hundreds of projects to lend a hand and make a difference in their schools, Clubs, and neighborhoods each year. Our Clubs teach young people how to roll up their sleeves, dig in, and become active participants in their community. This civic engagement works; Club members consistently demonstrate positive, productive coping techniques and high levels of responsibility.</p>	Yes, it is a \$25 annual fee for the membership and then a weekly fee if your child is enrolled in programs. The fee is based off of the parent or guardians' income.	No naloxone offered.
